

# ID\_S1\_EX2

As shown in the figure below:

1. For the 8 vehicles, on the left, as shown in the red circle, travelling on the opposite direction, the common feature is the windshield which is shown in white. Depending on the angle, the areas of the observed white are different on different vehicles.
2. For the 4-5 vehicles traveling on the same direction, as shown in the red box, the common feature is the rear bumper.
